SUPPLEMENTAL RESPONSE

Sir:

In response to the Office Action mailed on April 23, 2002, Applicants submit the following remarks.

Claims 1-58 are presented for examination. Claims 1, 10, 17, 28, 38, 46, 51 and 52 are in independent form. Favorable reconsideration is requested.

In the last Amendment, filed on January 28, 2002, Applicants stated how the independent claims overcome the prior art of record (see pages 3-7 of the Amendment). In that Amendment, Applicants also added Claims 53-58. Each of the added claims depends from one or another of the independent claims. Each of the added claims is believed patentable for the same reasons given in the last Amendment with respect to the independent claims. Since

each dependent claim is deemed to define an additional aspect of the invention, the individual consideration of the patentability of each on its own merits is respectfully requested.

In view of the foregoing remarks, Applicants respectfully request favorable reconsideration and early passage to issue of the present application.

Applicants' undersigned attorney may be reached in our New York office by telephone at (212) 218-2100. All correspondence should continue to be directed to our below listed address.

Respectfully submitted,
